

12th December 2022

Ms Anne Marie Walsh,
Corporate Services Department,
Kilkenny County Council,
County Hall,
John Street,
Kilkenny.

Re: Kilkenny County Council September Meeting - Motion NOM-16/2022

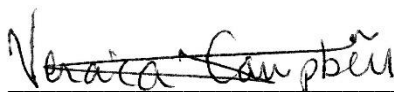

Dear Ms Walsh,

Further to our previous correspondence, I write to confirm that the Council's motion was noted and discussed in some detail by the SETU Governing Body at its meeting on the 8th December.

It was further noted that the Council has engaged in a very positive and meaningful way in the SETU strategic plan consultation process as we develop our vision for the new University in collaboration with our regional stakeholders, and this engagement is much valued.

We look forward to continuing this dialogue with Kilkenny County Council into the future as our plans are further developed for the delivery of a high-quality education provision to our regional communities.

Yours sincerely,

Prof Veronica Campbell
President
